⭐ Listening

1 **Ask your classmate or teacher to read aloud the passage from 'Glimpses of India' (the baker in Goa). Listen carefully and note down the keywords, main ideas and interesting expressions. Now summarise the paragraph using your notes.**

💡 SAMPLE ANSWER

Notes: baker – friend, companion, guide; came twice a day; jingling thud of bamboo; bread-bangles, sweet bread; 'jhang, jhang'; mild rebuke; climbed bench/parapet to peep; fragrance of loaves; no brushing – hot tea cleans everything.

Summary: In the writer's childhood in Goa, the baker was the children's friend, companion and guide. He came twice a day, and the jingling thud of his bamboo woke the children, who ran to greet him – not for the loaves, which the maid bought, but for the bread-bangles and sweet bread. He announced himself with the 'jhang, jhang' of his bamboo staff, greeted the lady of the house and put his basket on the bamboo. The children, pushed aside with a mild rebuke, still climbed a bench or the parapet to peep into the basket. They did not even brush their teeth, thinking hot tea cleaned everything.

My Train Journey from Delhi to Jaipur

Last summer my family travelled from Delhi to Jaipur, a distance of about 300 km, by the Shatabdi Express. My father booked the tickets online on the IRCTC website a month in advance, so we got confirmed seats in the chair car. At 6 a.m. the train chugged into the platform, and the announcer's voice could be heard across the length and breadth of the station. The coach was clean and air-conditioned, with charging points, a bio-toilet and reading lights. Soon, out came the treats – tea, biscuits and a hot breakfast served by the staff. Through the window we saw fields and small villages; the days of slow steam engines are long gone. We reached Jaipur in about four and a half hours, and I can vouch for the train's punctuality.

Suggestions: cleaner toilets during the journey, more dustbins in coaches, better drinking water, and announcements in more languages.

1 **The Frontier Mail ... Our railways have undergone magical transformation since independence from electrification to high speed etc. Find more about Indian Railways and prepare a write up. You can add experiences of rail travel of the people. Collect the pictures and information about vintage, royal and luxury trains in India.**

💡 SAMPLE ANSWER

Indian Railways – Then and Now

Indian Railways began on 16 April 1853 with a train from Bombay (Bori Bunder) to Thane. Today it is one of the largest railway networks in the world, carrying crores of passengers every day. Since independence it has changed a lot: steam engines gave way to diesel and electric engines, and almost the whole broad-gauge network is now electrified. Computerised and online ticket booking, Rajdhani and Shatabdi trains, the Delhi Metro and the semi-high-speed Vande Bharat Express have made travel faster and easier. Dedicated freight corridors and a bullet train project are coming up.

Experience (sample): My grandfather remembers coal smoke and long waits for tickets; today we book on a mobile phone in minutes.

Vintage, royal and luxury trains:

- **Palace on Wheels** – royal luxury train through Rajasthan
- **Maharajas' Express** – one of the world's most luxurious trains
- **Deccan Odyssey** – luxury tour of Maharashtra and beyond
- **Golden Chariot** – luxury train in Karnataka and South India
- **Fairy Queen** – one of the oldest working steam engines in the world (1855)
- **Darjeeling Himalayan Railway** ('Toy Train') – a UNESCO World Heritage Site
- **Kalka–Shimla** and **Nilgiri Mountain Railway** – heritage hill railways
