## ⭐ Ice Water · Circle Time – Being Together

**1** **Discuss with your classmates, how will you feel if you are not allowed to play for the next 7 days and why?**

💡 **SAMPLE ANSWER**

I will feel **sad, bored and restless** if I cannot play for 7 days.

- I will miss my friends and the fun of playing together.
- My body may feel lazy and stiff, and I may get tired easily.
- I may feel stressed, because playing makes me happy and fresh.

So, playing every day is important for our body and mind.

## ⭐ Seven Stones · Circle Time – Grow Happily

**1** **Prepare a list of things you liked the most and the things you didn't enjoy at all, while playing the game of Seven Stones.**

💡 **SAMPLE ANSWER**

| Things I liked the most | Things I did not enjoy |
|---|---|
| Hitting the stack of stones with the ball | Getting out by a direct catch |
| Running to put the stones back in a pile | Getting hit by the ball |

| | |
|---|---|
| Shouting "Iagori / pitthu" when we won a point | The whole team getting out when someone yelled too early |
| Planning and playing as a team | Arguments about the rules |

(Your list may be different. Write from your own game.)

## Aerobic Exercises · Circle Time – Growing Strong

**1** **Write a note on how regular aerobic exercises reduce panting.**

💡 **SAMPLE ANSWER**

We pant when our muscles need more oxygen than our heart and lungs can give quickly.

When we do aerobic exercises regularly:

- The **heart becomes stronger** and pumps more blood with each beat.
- The **lungs work better** and take in more air (oxygen).
- Muscles learn to use oxygen better, so our **stamina (endurance)** increases.

So, after some weeks, we can run, jump and play for longer and **pant less**.

## Follow Me · Circle Time – Help each other

**1** **Share an instance with your classmates where you went out of the way to help**

**someone, although that was inconvenient for you but you still felt good about it. Why?**

💡 SAMPLE ANSWER

Example: During lunch break, a classmate fell and hurt her knee. I was about to play, but I stopped, helped her to the first-aid room and stayed with her. I missed my game.

Still I felt good because:

- I helped someone who needed me.
- She smiled and thanked me, and we became better friends.

Helping others gives us happiness and builds friendship.

## ⭐ Number Game · Circle Time – Treat each other well

1. **Share your opinion, what will you do if you see someone being treated badly during the play time.**

💡 SAMPLE ANSWER

- I will not laugh or join in.
- I will politely ask the players to stop and to play fairly.
- I will stand with the person who is treated badly and include them in the game.
- If it does not stop, I will tell the teacher.

We should treat others the way we wish to be treated.

## 📘 Hula Hoop Jump · Circle Time – Learn to be happy for others

**1** **Imagine you won a game and everybody was cheering for you, narrate your reaction in the form of a poem.**

💡 SAMPLE ANSWER

We jumped and ran, we tried our best,
Our team was quick, we passed the test.
My friends all cheered, they clapped for me,
My heart was full, as happy as can be!
I thanked them all, both near and far,
Each one who played is a shining star.

**2** **Have you ever appreciated the opposing team players for their performance?**

💡 SAMPLE ANSWER

Yes. After a match, I shook hands with the other team and said, "Well played!"

I praised their player who ran very fast and jumped well.

Appreciating the effort of others, not just the result, shows good sportsmanship.
